

Stop Playing Phone Tag

5 ways to manage your spa in real time with two-way texting:

The helpful heads-up

Running a few mins behind. Grab a coffee on us ☕

The thoughtful follow-up

Loved seeing you today! Want to rebook?

The cancellation buster

I know you wanted to get in tomorrow 😊 A spot just opened at [Time] for [Service].

The quick consultation

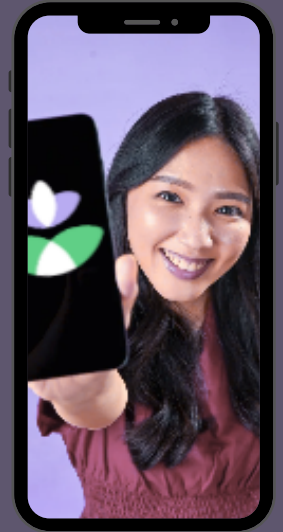

Looking forward to seeing you tomorrow. Send me a photo of the products you're using at home.

The product recommendation

Here's what I used in your session, in case you want to come in and buy what you liked: [list products]

With DaySmart Spa, you can do all of this and more, wherever you are.

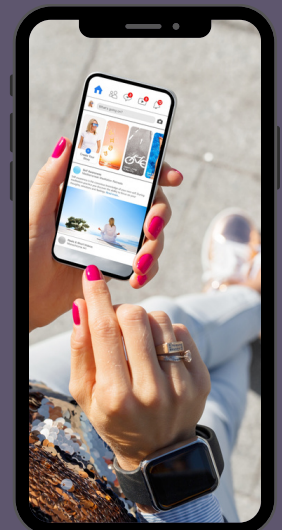

Prep Now for the Holiday Rush

Clients crave convenience, not another marketing blast

Two-way texting is the perfect solution!

- Manage real-time client communication inside your software
- Handle appointment changes
- Send and receive images
- Share updates

All without giving out your personal number.

Start real conversations that lead to bookings. Speak to Sales today.
